

# ACAS-CERN Studentships 2013

*Are you a student interested in experimental physics?*

The ACAS-CERN collaboration in accelerator physics has a number of projects on the LHC at CERN in Switzerland during the 2013 mid-year university break. If you are interested in learning more about high energy particle physics and accelerator physics enquire with us at: [acas@synchrotron.org.au](mailto:acas@synchrotron.org.au)

Applications close 24 January 2013, apply at  
<http://accelerators.org.au>
